

To Whom It May Concern:

I want to register my dismay, that the FCC is is currently considering repealing the rules that prohibit a media company from owning both a newspaper and a TV station in the same geographic area.

This concerns me because it will mean fewer sources for news and information regionally. Our Democratic system relies on the media to provide a voice which balances our government. Having fewer of these voices means that citizens have fewer places to make their views heard.

In addition, it limits the amount and quality of information that they can obtain.

Please do lift the ban dual ownership.

Thank You
